MODEL E1

Economical Price, Built To Last

**Model E1AC
with Auger Filler**

GENERAL PACKAGING EQUIPMENT CO.

HOUSTON, TEXAS

ENTRADA

by GENERAL

The **ENTRADA**, Model E1 fills the need where more expensive equipment cannot be justified. The Model E1 is an air operated machine patterned after General's rugged hydraulic models such as the 70C and 80C. The E1 even shares some of the same parts with these long proven models.

Available Fillers:

- Auger • Volumetric • Net Weight • Scale • Liquid

Features:

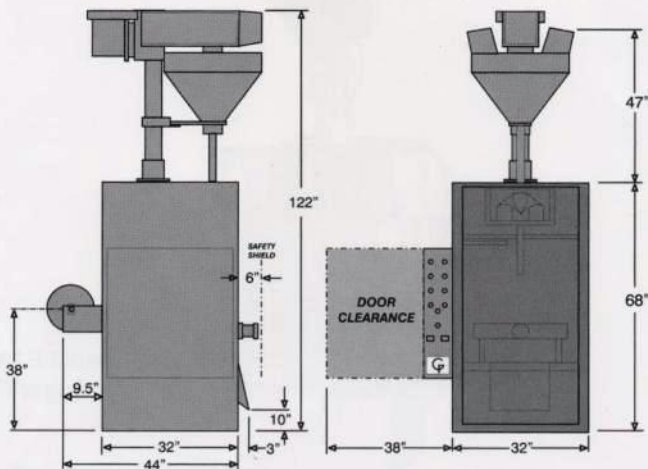

- Easy Access – for maintenance and adjustments.
- Simple Drive – The draw bar is powered by a motor driver gear reducer. The simple crank is easily adjusted for bag length changes.
- Cam Timing – Spare cams/switches for emergencies.
- Solid State Temperature Controls – "C" Model.
- Impulse Sealing with Built-in Seal Cooling – "P" Model.

Package Size Range:

- Width – to 10" (254mm)
- Length – to 10" (254mm)

Packaging Materials:

- "C" Model – Laminations, coextrusions, coated polypropylene, filter paper.
- "P" Model – Low density polyethylene, non-wovens.
